

The Vermont Veterans Ride

Chapter 26-2

August 5th 2017

Legion Riders

Dear Fellow Citizen,

On 5 August the Vermont Combat Veterans and the Legion Riders of Vermont are joining forces to host the 5th Annual Vermont Veteran's Ride.

As you know, drug addiction has become a national issue. Solutions to drug addiction and rehab options for PTSD are generally funded with treatment programs that promote and allow the administration of *more* drugs, either opiate or psychiatric.

The purpose of this ride is to raise funds to support veterans causes: *We are raising funds for non-drug assisted rehab programs for veterans and to support drug education for our Vermont veterans, their families and the Vermont communities in which they live. We are seeking sponsors; donations are tax deductible.**

Your help can make a difference:
